

Home & Industrially Compostable Shopping Bags

Why do you need Bioplast retail shopping bags?

Bioplast range of retail shopping bags is the perfect alternative to your typical single use plastic carrier bag used in shopping malls and supermarkets. Bioplast shopping bags are completely home compostable meaning you can use the bags again for food waste and composting, without the need for an industrial composter.

BIODEGRADABLE

COMPOSTABLE & BIODEGRADABLE

The Bioplast film used to make these gloves is both home and industrially compostable (certified EN13432, ASTM D6400, AS4736, AS5810). We use 100% Bioplast film.

HOME & INDUSTRIALLY COMPOSTABLE
